CERAKOTE IN INDUSTRY

Cerakote is the industry leading ceramic coating technology for the decorative hardware market. Cerakote's premium aesthetics and ultra-durable finishes make them ideal for hardware in any environment. With over 200+ finishes and colors to choose from, Cerakote provides an increased lifespan of the hardware without sacrificing durability and longevity.

SOME COMMON APPLICATIONS:

- INTERIOR/EXTERIOR LIGHTING
- DOOR HARDWARE
- BATHROOM
- KITCHENS

INDUSTRY HIGHLIGHTS

APPLICATIONS	MATERIAL/SUBSTRATE	WHY CERAKOTE?	WHICH CERAKOTE?
Lighting	Brass or Aluminum	Durability, weatherability, and heat dissipation	C-Series, MC-Series (Exterior/Interior) H-Series/Elite Series (Interior)
Door Hardware	Brass and Stainless Steel	Wear resistance, chemical resistance, and durability (High-end, look and feel)	C-Series, MC-Series (Exterior/Interior) H-Series/Elite Series (Interior)
Bathroom	Brass, Aluminum, and Stainless Steel	Wear resistance, chemical resistance, and durability (High-end, look and feel)	C-Series, MC-Series (Exterior/Interior) H-Series/Elite Series (Interior)
Kitchen	Brass, Aluminum and Stainless Steel	Wear resistance, chemical resistance, and durability (High-end, look and feel)	C-Series, MC-Series (Exterior/Interior) H-Series/Elite Series (Interior)

- BETTER WEARABILITY
- IMPACT & SCRATCH RESISTANT
- CORROSION RESISTANT

- PREMIUM CERAMIC FINISHES
- COLOR CONSISTENCY

- CORROSION & CHEMICAL RESISTANCE
- DURABILITY
