

CUSTOM COLOR MATCHING SERVICES

When you need a color match, we have 4 options available for you to choose from:

Quick Search – We will search through our extensive color selection, choose the closest matches, then send you 2-5 of our closest color swatch matches. We will ship color sample swatches via Next Day Air for a charge of \$6. This is the quickest way to determine if we have what you need for your project.

Archive Search – The next level of search is Archive Search. This service works well for customers that are looking for a close match. Utilizing your sample or item, we will search through our substantial library of over 6,500 colors and textures for the closest matches. We will ship color sample swatches via Next Day Air for a charge of \$6. There is no charge for this service and it may take up to two weeks to complete. If a suitable match from the archive is found, we do require a 6 lb. minimum order.

Reformulation – If an extremely close match is required, and an Archive Search doesn't produce a match, Reformulation may be your answer. There is a \$100 charge for this service with no guarantee of an exact match. We will ship color sample swatches via Next Day Air for a charge of \$6. We require up to 6 weeks to complete this process and there is a 10 lb. minimum order upon color approval. Returns will not be accepted on custom color formulations.

New Formulation – If you need an exact match, you can choose our New Formulation option. Unlike paint, the chemistry with powder is very complex, which sometimes does not allow for subtle changes in tone or shade. This process will take 8 to 12 weeks to complete. Because of this, we cannot guarantee an exact match, however, we will send a color sample for your approval. We charge \$400 to formulate a custom color and require a 45-lb. minimum order upon color approval. We will ship color sample swatches via Next Day Air for a charge of \$6. Returns will not be accepted on custom color formulations.

All items in the request form must be completed for consideration for your color match. If you have any questions regarding any of the color matching services, please feel free to call us.

Once the form is completed and you are ready to start this process, please send it to colormatch@prismaticpowders.com or ship it with your item you need to color match to
